INTELLIGENCE KNOWLEDGE CHECK**TRUSTED**

Financial services / Cryptocurrency platform

Recognized entity

crypto.com is a well-established, globally recognized cryptocurrency exchange and financial services provider with a significant brand presence. Its domain has been active for over 32 years, indicating long-standing legitimacy. There are no known associations with malicious activity or abuse from historical threat intelligence data.

SCAN EVIDENCE VERDICT**90** /100 **LOW RISK**

The domain crypto.com is a well-established, trusted entity with a long history and strong reputation, confirmed by prior intelligence. The real-time scan evidence shows a valid SSL certificate from a reputable issuer, proper DNS records, and no known threat flags on blocklists, aligning with its trusted status. While some security headers are missing, this is common for large, high-traffic sites and does not indicate malicious intent. Overall, the evidence supports that crypto.com remains a legitimate and safe platform.

1. Maintain monitoring for any future security header issues or certificate expirations.
2. Ensure that security headers like X-Content-Type-Options and Content Security Policy are implemented to enhance security posture.
3. Continue periodic scans to verify no new threats or anomalies emerge, especially given the high-profile nature of the domain.
4. Verify redirect chain to ensure it consistently leads to the same trusted domain without unexpected external redirects.
