INTELLIGENCE KNOWLEDGE CHECK

TRUSTED

E-commerce / Fragrance Retailer

Recognized entity

fragrancenet.com is a well-established online retailer specializing in fragrances and beauty products, recognized as a legitimate commercial entity with a long operational history. Its registration through MarkMonitor, a known brand protection registrar, further supports its legitimacy. There are no indications from historical threat data linking it to malicious activities or infrastructure used for cyber threats.

SCAN EVIDENCE VERDICT

88 /100 LOW RISK

The domain fragrancenet.com is a well-established, trusted e-commerce retailer with a long registration history and verified legitimacy. The real-time scan evidence shows a valid SSL certificate, proper security headers (including HSTS), and no indications of malicious activity or blacklist flags, aligning with prior intelligence. The absence of critical security headers like CSP is typical for commercial sites and does not raise significant concern. Overall, the evidence confirms the domain's trusted status, with no red flags detected.

1. Maintain routine security monitoring, but no immediate action is necessary.
2. Consider implementing additional security headers such as Content Security Policy (CSP) to enhance protection.
3. Verify that SSL certificates are renewed before expiration to ensure ongoing secure communications.
4. Continue to monitor blacklist and threat intelligence feeds for any future changes.
